## IT'S A GOOD THING

REV. GREEN'S PLAN APPROVED BY COMMERCIAL CLUB.

## HAD IT ALL FIGURED OUT

Comprehensive Scheme of Organization for Whole County Outlined by the Harmony Pastor.

The first steps were taken Tuesday night looking toward the formation of a county organization along the lines proposed in an address by the Rev. C. R. Green of the Harmony Community Welfare Association. Following the address a resolution endorsing the idea and appointing a committee to meet with a like committee from Harmony to formulate the plans and issue the call were adopted by the Commercial club.

Only a small representation of the club's membership were present to greet the gentlemen from Harmony and to partake of a very excellent dinner at the club's monthly banquet served at the Ream hotel. The following from Harmony attended the banquet: C. R. Green, I. V. Moore, R. M. Hefflin, Chas. Patterson, James Lewis, Alfred Hunt, J. R. Lawson, Thais Casteel and J. B. Taylor. Prof. T. B. Maulding's excellent orchestra furnished the music during the serving of the banquet and received several rounds of applause.

There were three phases of the county organization work treated by Reverend Green in his talk, the social, educational and industrial. He very clearly disclosed the advantages to accrue to the community from the community organization and to the county in a larger sense from the county organization. The lack of social facilities in community life was gone into, defects in the present educational system pointed out, the failure of communities to advance in industrial fields presented. As a panacea the merits of the community organization were extolled. In the community organization, said Mr. Green, were developed men who became leaders in social, educational and industrial life. In any organization work the sifting process brought to the front men who made a study of the conditions sought to be remedied and developed them. These men who were of the go-ahead progressive type became large factors in the development of the community.

His plan for the county organization was presented in detail. In the first place, he wanted it made perfectly plain that the community organization, while the fountain head from which sprang the county organization, had an entirely different function to perform, and he would preserve to it entire autonomy, giving it complete control of matters which were purely local, and giving to the county organization only such as were not local in character. To the community organization also he would give the right to limit its membership, define its boundaries, outline its purposes and circumscribe the field of its endeavors, only requiring that it should be some well defined movement for progress and development. The county organization, as he outlined it, would be composed of representatives from the various community organizations, chosen on the basis of one representative for each twenty-five members. These representatives would naturally be the progressive leaders in their own communities and the best informed and most enthusiastic service could be expected of them. The power for good to the county as a whole and to individual communities form, the combined wisdom and experience of such a body would be enormous and a constantly growing force. The speaker predicted that from the organizations, community and county, would come better social conditions for agricultural districts, consolidated high schools, an educational system designed to meet present day necessities and to fit students for active participation in the affairs of life, good roads over the county, the development of much of our present unused natural resources,

and in the placing of Nodaway county far in the lead of any other county in the state. Objections to what is known as the Trenton idea and also to the Iowa idea were outlined and the advantages of Mr. Green's plan over them shown.

Discussion of some of the phases of the plan followed by various members of the club. It developed during the discussion that there existed a feeling among the farmers against the Commercial club. John Sewell challenged the idea in one of the most forcible talks ever given in the Commercial club. He said if it were true that the Commercial club, judged by its actions, and that was the only way in which the farmers could judge them, were looked upon with suspicion by the citizens of the county, it was time the Commercial club cleaned house. In a speech which was closely followed and which received much approbation from the persons present, he brought out the fact that most of the members of the club were or had been farmers, that the largest sympathy and confidence should exist between them, that they were interdependent, that no good could come to either without the other benefited, that while we are all more or less selfish, when men were working for the good of a community, a city or a county, selfishness was relegated to the background. He also told of a trade trip in prospect for the Commercial club, when the members expected to get out among the farmers and get acquainted.

The matter of starting the county organization was discussed and the invitation to other organizations in the county which were working for the development of their particular community was decided on. The Harmony committee is to be appointed at their meeting Thursday, May 29, and they will meet at a later date with the Maryville committee and with committees from other organizations in the county and a plan will be prepared and a call issued for the organization of community organizations from which representatives to the county organization are to be chosen.

### HELD CLOSING EXERCISES.

Council Corner School Had Most Enjoyable Time Last Friday, Being the Closing Day.

A most enjoyable time was spent by the patrons of Council Corner school Friday, when a most successful nine months' term of school was closed in that district. The patrons and a number from Mt. Airy came with well filled baskets. The tables, filled with everything imaginable, would have appeased the appetite of a king, which proves what capable cooks they have in the two districts.

The program rendered by the pupils in the afternoon showed careful training on the part of the teacher, Miss Bernice McGinness, and on every side was heard manifestations of surprise at the ability of the little folks who showed their willingness to please parents, friends and teacher.

### Visiting in Kansas City.

Miss Marie Cloud went to Kansas City Wednesday morning to visit over Sunday with her aunt, Mrs. H. E. Young.

### JAMES T. HEFLIN.

Alabama Congressman To Make Memorial Day Address at Gettysburg.

For the first time since the dedication of the Soldiers' National cemetery in 1863 the Memorial day address at Gettysburg this year is to be delivered by a southerner. Congressman Hefflin is an orator of distinction. He is now serving his sixth term in the house of representatives.

## GIFT FOR TAYLOR

STUDENTS' LOVE FOR RETIRING PRESIDENT PROMPTS OFFERING.

## WE HAVE BETTER TOOLS

Reason for Present Day Progress Given by Dr. Fruit—Seniors Willing to Cane to Juniors to Preserve.

The commencement exercises of the Northwest Normal which were held in the school auditorium Wednesday morning were very impressive, but even more impressive was the scene which followed the exercises, when practically the entire faculty and student body went to the residence of former President Taylor, whose ill health would not permit him to attend the exercises, and bade him farewell. Dr. Taylor and his family will leave for Texas the latter part of this week. A beautiful gold-handled umbrella, a gift from the students of the Normal, was presented to their former president, by Fred Lewis, to which Dr. Taylor responded, thanking the students for the gift and expressing his gratitude to the people of the community for their kindness to him and his family.

The commencement was carried out as was arranged except that Dean George H. Colbert presented the diplomas instead of W. A. Blagg, who was called out of the city on business.

The speaker of the occasion, Dr. J. P. Fruit, of William Jewell college, gave a very able address. His subject was "Progress." "The people of this age are not more intellectual than those of the past ages," says Dr. Fruit, "but they have better tools." "Man is an animal that uses tools," the speaker considers a good definition for the descendants of Adam, and the question that the Doctor dwelt on, was what kind of use is he going to make of the tools.

The program given by the senior class of the Normal yesterday afternoon furnished a very interesting hour for those students and friends present. The numbers were given as printed in yesterday's Democrat-Forum with one exception. At the end of the reading of the class will by James Paris, he presented a beautiful gold headed cane to the junior class with "Seniors 1913" engraved on the head. Each senior class graduating is to add a gold band, with the class and the year engraved on it and pass it on to the "coming seniors." This is a very pretty custom and the cane will, in years to come, become a very interesting relic.

Immediately after the program, the class and audience adjourned to the front of the building, where the ivy was planted at the foot of the east tower.

The senior class play, "Lost, a Chapter," and T. B. Maulding's orchestra entertained a good sized audience Tuesday night at the Normal auditorium.

### WOMEN RAISING MONEY.

Kirksville Women Intend to Buy a Lot and Erect Bronze Pedestal for Statue of Town's Chief Citizen.

Kirksville is making great preparations for the meeting of the American Osteopathic Association to be held there in August, as she considers Dr. Still, the founder of Osteopathy, or "The Old Doctor," as he is always called, her chief citizen.

As a starter, the citizens elected The Old Doctor's son, Dr. C. E. Still, mayor, and are now raising \$6,000 for a big barbecue with all the trimmings, while the women of the town are raising \$10,000 to pay for a lot and bronze pedestal upon which the celebrated Kretchmar statue of The Old Doctor will be placed.

The Old Doctor and some of the doctors of the Kirksville Osteopathic college will go to Berlin for research work. His grandson, Dr. George Still, the son of Dr. and Mrs. S. S. Still of Des Moines, but formerly of Maryville, had intended going with him, but Mrs. George Still was injured recently while cranking her Ford car, and her husband has deferred his trip for another year.

Mrs. Anderson Craig of Maryville is a niece of "The Old Doctor."

### Putting in a Concrete Bridge.

Mr. Smith of Riverton, Ia., is in the city and is in charge of the work of putting in a concrete slab bridge near the Embree farm southwest of the city. The work is under the direction of County Highway Engineer Clary for the county court. The old bridge near the Embree farm was where the late George P. Bellows was killed in an auto accident.

## WAS BARNARD MAN

ED RIDDLE IDENTIFIED BY RELATIVES FROM THERE.

## BODY TAKEN FOR BURIAL

Man Found Dead Near Town Had Been Absent From Home for Thirty Years—Was 54 Years Old.

Ed Riddle was the name of the dead man that had been at Rice & McNeal's undertaking room since Monday. He was identified by Bud Bright of this city on Tuesday afternoon and then by several from Barnard, who came to Maryville today for that purpose. In the party from Barnard was Henry Rasco and son, Lee Rasco, Mr. Rasco being a brother-in-law of Mr. Riddle, and Dr. D. A. Pollard and P. J. Hainey.

Mr. Riddle was found dead on Monday about noon in the old unoccupied house on the F. C. Conrad farm, two and a half miles northwest of town. At that time, he was unknown, there being no letters or anything else in his clothes. It was the opinion of Coroner Dr. Will Wallis, Jr., that he came to his death accidentally and the cause was inhaling too much chloroform. The label on the chloroform bottle contained the name of Joseph H. Shackelford of Westboro, Mo., and communication with Mr. Shackelford disclosed the fact that the man's name was E. Riddle. Then on Tuesday afternoon, the dead man was identified as Ed Riddle by several people in the city, who had seen the man here last winter, being a boarder at John Kelly's Maryville House, and by relatives today.

Mr. Riddle is survived by his aged mother, Mrs. Salina Riddle, of Barnard and two sisters, Mrs. Henry Rasco of near Barnard and Mrs. Alice Rush of Morland, Kan. His mother is 78 years old. He was born in Pennsylvania and was about 54 years old. He was married twice and left both his wives. His marriage experiences were in Kansas.

The remains were taken to Barnard this afternoon to the home of his mother. Funeral services will be held Thursday afternoon at the M. E. church, conducted by Rev. W. E. Royston. Burial will take place in the Barnard cemetery beside the remains of his father, who died a number of years ago. A brother, George Riddle, was killed in a saw mill accident near Barnard about 18 years ago.

Mr. Riddle had been away from home for about thirty years and had no permanent residence. He was here and there working on farms or doing whatever he could. He had not been at home in Barnard for the past two or three years and letters were not written to his mother only once in a great while. He was a good working man. Last winter he was in Maryville for several weeks, boarding at the Maryville house. Riddle worked for Arthur Robey about six years ago.

Mr. Rasco said he knew of no reason why the man should take his life and he was of the opinion that probably his death was accidental.

### ASSESSORS TO MEET.

Meeting to Be Held in Maryville on Saturday to Fix the Tax Rates.

A meeting of the assessors of the different townships over the county has been called for Saturday, May 24, at 1 o'clock in the court house. The meeting has been called by Ed Hamlin, assessor of Polk township. The purpose of the meeting is to fix the valuation on all property for taxation so as to have them equal over the county and make a fair and just assessment.

### Funeral Services at Ravenwood.

The funeral services for Grandma Barton of Ravenwood, whose death occurred Saturday evening, were held Monday morning at 10 o'clock at the M. E. church in Ravenwood, conducted by Rev. S. E. Hoover. The services were largely attended, as the deceased was one of the oldest and most highly esteemed residents of that community. The pall-bearers were David Flynn, Bruce Houchins, George Wareham, Joseph Proctor, J. S. Casteel and E. H. Sims. Mrs. Barton is survived by three children of Sweet Home; Mrs. Mattie Burns of Ravenwood and Mrs. Jane Allen of Guthrie, Okla. Also two adopted children, Mrs. William Henry of Sweet Home, at whose home her death occurred, and William Barton of Woodward, Okla., who was her grandson.

Mrs. Ernest Walz of Plattsburg, Mo., and her two children are in Maryville on a visit to Mrs. Walz's mother, Mrs. Katherine Brady.

### BALL TEAM TAKE TRIP.

The Normal Team Will Leave Thursday Morning to Play Tarkio, Amity and Peru.

The Normal baseball team including players Captain Wilson, McKee, Perrin, Adams, Bird, Lamar Long, McDougal, Brittain, Daise, and Coach Moore, will leave for a three days' trip Thursday morning playing Tarkio, Peru Normal and Amity in the order named. Both Tarkio and Peru defeated the home boys on the local ground while the teachers beat the Amity boys last Saturday by a count of 9 to 5. Captain Wilson and Lefty McDougal will be depended on to do the twirling.

### A REFERENDUM PETITION.

One Circulated in Maryville Tuesday on the Full Crew Bill Passed by the Last Legislature.

A referendum petition was circulated in this city on Tuesday to get signers for the full crew bill, and if enough signers are secured the question will be placed before the people at the next general election and the voters of the state will act as arbitrators. The full crew bill was passed by the last legislature and signed by Governor Major. It requires the railroad of the state to place an additional man on nearly every train operated in Missouri. The petition was circulated here by J. R. McKillip, live stock agent of the C. B. & Q. railroad company of St. Joseph.

### WAS GOOD PROGRAM.

Miss Nash's Orchestra Pleased Audience Monday Night in High School Auditorium.

The threatening weather prevented many from attending the concert given Monday night in the high school auditorium by Miss Alma Nash's orchestra for the benefit of the Mother's Circle. The numbers were well given and much appreciated by those who heard them. Those comprising the orchestra are Miss Edith Wilson, violinist; Miss Mary O'Brien, clarinetist; Miss Hilda Lahr, pianist; Miss Margaret Conway, string bass; Miss Nash, drums. Following were the numbers given Monday night:

March, "Charge of the Rough Riders"—Orchestra.  
Overture, "Northern Lights"—Orchestra.  
Cornet solo, "Esmerelda"—Miss Grace O'Brien.  
Waltz, "Linger Longer"—Orchestra.  
Clarinet duet, "Swiss Boy"—Misses O'Brien and Conway.  
Overture, "Bridal Rose"—Orchestra.  
Mandolin solo, "Cradle Song"—Miss Nash.  
Overture, "Feast of the Lanterns"—Orchestra.  
Violin solo, "Cavatina"—Miss Wilson.  
Medley "Homestead Melodies"—Orchestra.

Mrs. Charles Butler of Hopkins returned home Wednesday after a short visit with her sister Mrs. Charles Strawn, who accompanied her home.

Mrs. Frances Small of Pickering was in Maryville Tuesday morning in business.

### R. FULTON CUTTING.

Eminent N. Y. Financier Says There Are Too Many Spinsters and Bachelors.

In a statement Mr. Cutting informs the Episcopal clergy that the number of unmarried men and women is too large. The church should directly teach its maturing girls and boys the wisdom of well considered marriage when undertaken as a divine ordinance. It should provide instruction in the ethics of marriage, its obligations, responsibilities and privileges and in the practice of domestic economy.

## WILL DEDICATE IT

WHITE WAY CELEBRATION TO BE HELD JUNE 18.

## THE SYSTEM COST \$5,000

Lots of Music and Entertainment Including Out Door Moving Pictures—Working for Rates.

Arrangements are being made by a committee composed of Joseph Jackson, Jr., F. P. Reuillard and Earl Barman for the Commercial club for the dedication of the white way. A celebration will be held and the date set is Wednesday, June 18.

The white way will be completed by that date and lights turned on for the first time in the evening of that day. There are to be ten blocks of the white way, there being 72 posts of five lights each, all of the lighting system being in the business section of the city. The lighting system costs the merchants and property owners \$5,000.

The committee is busy at work now on plans for an all-day celebration. Two aeroplane flights are to be given during the day. Then there will be band music by the Maryville band and other entertaining features. At night, it is planned to have moving pictures on a screen in the court house yard, the pictures to be given after the dedication of the white way.

The committee has been working with the railroad companies for reduced rates to Maryville on that day, but as yet nothing has been heard from these companies.

The celebration promises to be a big one. Full details will be announced within a few days and the program to be given will be published.

### A DOUBLE FUNERAL SERVICE.

Obsequies for Mrs. Naar and George Wieremont Held at New Egelberg Abbey Church Wednesday.

Funeral services for Mrs. Wall-burger Naar, the mother of Mrs. C. Villings, and George Wieremont, both of whom died Monday morning at their homes at Old Conception, were held Wednesday morning at 9 o'clock at New Egelberg Abbey church.

High mass was sung by Rev. Father Lawrence Villings, a grandson of the late Mrs. Naar, and the burial service at St. Columbia cemetery, where both bodies were interred was conducted by the Rev. Father Placidus.

Mrs. Naar, who was a native of Germany, was 75 years old. She came to America and located in New York City, which was her home until twelve years ago, when she came to Conception to make her home with her daughter Mrs. C. Villings, who lives near there. Mrs. Villings was her only child.

Mr. Wieremont was born in Luxembourg, Germany, 69 years ago. He and his wife came to Conception from Montrose, Henry county, Mo., sixteen years ago, and lived on their farm one mile and a half from Old Conception until two years ago, when they moved to town. One daughter, who lives at Montrose, Mo., survives with the wife.

### BARNARD CHAUTAUQUA.

One Will Be Held There July 5 to 10—The Program.

An enthusiastic meeting of Barnard citizens was held Tuesday night in the interest of the chautauqua that will be held there July 5 to 10 inclusive.

A committee of five was appointed to advertise the program, which is to be presented by the Jones Chautauqua System of Perry, Iowa. Those comprising this committee are John A. Field, Dr. D. A. Pollard, L. B. Campbell, J. E. Akey and J. S. Stewart.

The program numbers are to be presented by the Jones Hawkeye Singing Girls, Professor E. E. Weaver, Professor Jesse Greenup, Dr. W. H. Bickers, Fred M. Black, Rev. L. W. Klinker and Hon. Charles Hall, lectures, and the Mendelley Quartet, who will give an entire day's program, and Rolla W. Kinsey, also a musician.

This will be Barnard's first chautauqua, and the association just formed of the town's best citizens, will do everything possible to put the plans through and they already feel assured that the people of the community will do their part and make it a success.

### Smokes With His Master.

Governor Stubbs, that's Dr. Nash's good-looking, brown curly dog, you know. Well he was walking along the street yesterday morning with the Doctor on the way to the postoffice with a cob pipe in his mouth, and we learned that the Governor has been smoking for a year or so, and that whenever the Doctor sits down to enjoy a fine Havana, Governor Stubbs goes right straight and gets his pipe and sits contentedly by his master until their smoke is over.

About a year ago, Dr. Nash noticed that Governor Stubbs did not like for him to smoke, for the Doctor gets to musing when he smokes and doesn't pay much attention to people or things until he is all through, and the Governor was all cut up about it. So Doctor Nash conceived the idea of a pipe for his friends. He secured a stick that looks like a pipe stem and stuck it into a corn cob and the next time he sat down with his Havana and a newspaper he put the cob pipe in Governor Stubbs' mouth and told him to smoke. The Governor did not quite understand at first, but sat obediently with the pipe in his mouth until he was told to put it away. After a few times he did not need instruction. All the Doctor does now is to light his cigar and if the Governor sees him he goes at once for his pipe; if not, the Doctor says, "Get your pipe, pard," and in a twinkling he is there with the goods. Verily, Governor Stubbs is an intelligent beast.

### Surprised on Birthday.

As Arthur Hunt was being delightfully entertained at the home of his parents, Mr. and Mrs. Alfred Hunt, twelve and one half miles northeast of Maryville, by Rev. and Mrs. C. R. Green, Friday night May 16, a party of young people of that neighborhood came in to surprise him, as it was his 20th birthday anniversary. Games and music were the pastimes of the evening. Mrs. Hunt served dainty refreshments late in the evening. Those present were Rev. and Mrs. C. R. Green, Mr. and Mrs. J. C. Lanning of Maryville, Mr. and Mrs. Emery Hunt, Mr. and Mrs. Alva Hunt, Mr. and Mrs. Otis McCall, Charlotte Green, Lillian Lawson, Alma Coffelt, Pearl Lewis, Effie Willis, Vida and Dot Hefflin, Flora Shellman, Myrtle and Velma Lanning, Florian and Everett Porter, Buford Hefflin, Scott Hubbell, Roy Gay, Ralph and Emmet Lewis, Pearl Lawson, Leland and Cecil McKee, Glen and Lloyd Woodburn, Chester Behn, Leslie Lanning, Ernest Cox, George Pierpoint.

### Met With Mrs. Wilfley.

The tourist department of the Twentieth Century club met with Mrs. George Wilfley Tuesday afternoon, in its last meeting for the club year. The officers elected for the ensuing year were Miss Mae Orear, chairman; Miss Helen Leffler, vice-chairman; Mrs. J. C. Allender, secretary-treasurer. After listening to a most interesting report of the meeting of the state federation at Columbia by Mrs. Ferdinand Townsend, the program of the afternoon was taken up. The character of Frederick the Great was discussed by Miss Laura Barmann; his wars with Maria Theresa, by Mrs. G. B. Roseberry, and his wonderful palaces, by Miss Helen Leffler. Mrs. Townsend gave an able paper on the drama of Schiller. The program was of unusual interest and the tourists made enthusiastic plans for next year's study. Mrs. Wilfley invited the club to remain for a social hour and a dainty luncheon was served by the hostess, assisted by her daughter, Miss Geneva Wilfley, and Mrs. J. B. Robinson and Mrs. F. P. Robinson.

### SEND 300 TO GETTYSBURG.

Missouri Will Pay Expenses of Northern and Southern Vets.

Two hundred Federal soldiers who participated in the battle of Gettysburg and one hundred Confederates from Missouri will attend the fiftieth anniversary of that great conflict, according to information received by the board of transportation yesterday at Jefferson City. The state has appropriated \$15,000 to defray the expenses of those veterans and it is expected that they will all go together.

The board of transportation is composed of John B. O'Meara, state adjutant general; Gen. Thomas B. Rodgers of St. Louis, representing the Grand Army of the Republic, and Gen. J. W. Towson of Shelbyville, representing the United Confederate Veterans. The number of veterans who will attend was approximated at yesterday's meeting of the board at three hundred.

The final meeting of the board will be held in St. Louis, June 15, to select a route, but no application for transportation will be received after June 15. It is estimated that each round trip will cost \$50. Tickets will be good for twenty days. Only soldiers who participated in the battle of Gettysburg July 1, 2 and 3, fifty years ago, are eligible to transportation. Each veteran will be provided with a ticket from his home to the battle field and return home. It is expressly advised that all should go together, since many of them are known to be quite feeble and others better fitted for standing the hardships of travel will be able to render them assistance.

These old soldiers will be the guests of the federal government. Each one who receives transportation will also be provided with instructions as to the trip to and from Gettysburg, and also a letter from the secretary of the entertainment committee, Col. Louis E. Bieler of Harrisburg, Pa., giving the details of the proposed commemoration of the battle.

### BARNARD ITEMS.

Mrs. J. H. Thompson, wife of former pastor, is visiting in this vicinity at present.

The Epworth League gave an ice cream social Saturday evening but didn't clear but \$3.40, owing to the rainy weather.

Barnard is getting to be a great town for automobiles. We have a number in town and many of the farmers come to town in their automobiles to do their trading. We have two garages and a third one is under construction.

The Children's Day services will be observed at the M. E. church on the second Sunday in June.

The Memorial services will be conducted at the M. E. church next Sunday at 11 a. m. Reverend Royston preaches the sermon, and special singing and decorations are being prepared also. There also will be a short service on Decoration Day.

Reverend Royston takes as his theme for Sunday night, "Is There Any Harm in Dancing?" A large crowd is expected to this service.

Mr. Fay Campbell arrived in Barnard yesterday. He is reported to have had bad luck with his automobile and couldn't get back home, being away for several days.

The Children's Day services at the M. E. Church, South, last Sunday was a decided success. The program was well rendered and the collections amounted to \$11.50.

### RALEIGH, N. C., CHILD

### Made Strong and Well by Vinol.

When we tell you that Vinol is the best remedy in our whole stock for making weak, puny, ailing children strong, robust and rosy we are only telling you what has been proven by hundreds of mothers.

Mrs. W. O. Strother, Raleigh, N. C., says: "My little girl, Hazel, has been taking Vinol to build her up after a severe spell of sickness. It has done so much good by restoring her appetite and building up her strength that I think Vinol is the finest tonic ever prepared and I am telling everyone about it."

What Vinol did for this little girl it will do for every weak, and ailing child because sickly children need the strengthening cod liver elements and tonic iron that Vinol contains—that is why Vinol builds them up quickly and gives them a fine healthy color. It is pleasant to take and we guarantee that the results will satisfy you—money back if they do not.—Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

## MINORITY FIGHT ON TARIFF BILL

Republican Senators Will Offer Many Amendments.

### PREPARATIONS BEING MADE.

Cotton Knit Goods Manufacturers Appear Before Committee to Submit Objections to Thirty Per Cent Reduction in Schedule.

Washington, May 21.—That Republican senators plan to insist on amendments to nearly every item in the Underwood tariff bill when it comes before the senate for general discussion became evident when Senator Penrose declared that every member of the minority committee would have amendments to propose.

Senator Penrose told the senate he knew of no concerted effort to be made purposely to delay the passage of the bill, but said he was assured that the minority would offer many amendments to the schedules. Senator Smoot also announced that many roll calls would be demanded.

### Engage in Colloquy.

In the debate in the matter of making public briefs filed by manufacturers with the finance subcommittees, Senator Townsend (Mich) engaged in a colloquy with Senator Simmons relative to the alleged threats of manufacturers to reduce wages and the counter intention of the administration through the bureau of corporations to investigate concerns which might reduce wages following tariff reductions.

Senator Newlands addressed the senate at length on his tariff program proposed at the opening of the extra session which would provide for a gradual reduction of the tariff and for an investigation into the wisdom of creating a tariff advisory commission.

Representatives of cotton knit goods manufacturers appeared before Senator Johnson's subcommittee, protesting against the rate of 30 per cent ad valorem proposed on their wares in the Underwood bill. They maintained that this rate was not protective and that it would let in goods of foreign manufacture.

Senator Kenyon (Ia.) has introduced an amendment to put aluminum on the free list. This is in keeping with his proposal to put all products of monopolies on the free list.

### SCHOOLS ITS WITNESSES

Implement Dealers Hold Session With Harvester Attorney.

Chicago, May 21.—What Edwin P. Grosvenor, representing the government, called a "witness" mass meeting was uncovered in the Harvester anti-trust hearing before a special examiner. The discovery came in the cross-examination of C. J. Passage, an implement dealer of Smithshire, Ill. According to the government representative of late he has found difficulty in persuading dealers to tell what percentage of the implements they handle are made by the International Harvester company.

"Has not some one had a talk with you about what you would testify here?" Grosvenor asked Passage.

"No; not exactly," replied Passage. "What do you mean by that?"

"Well, not to me personally. There was a meeting of witnesses and one harvester attorney, T. J. Doyle of Lincoln, Neb., talked to us."

"Where was this meeting?" "About twenty of us—all that are here in court—got together at the Great Northern hotel."

Doyle, the witness said, explained to them why they had been called to Chicago and explained the nature of the case against the company.

"Something was said to you about percentages of sales of International product in your territory, wasn't there?" asked Grosvenor.

"Yes, something was said about that."

"What was said?" "I don't remember."

Similar questions were put to each witness who followed Passage on the stand, but they answered either that nothing was said about percentages, or that they did not recall what was said.

### SPOKANE AUTOISTS TO WORK ON THE ROADS.

Spokane, Wash., May 21.—Five hundred Spokane automobile owners will don overalls and jumpers on Saturday and will spend the day as common laborers, smoothing out the rough spots in the highways of Spokane county. Governor Ernest Lister by proclamation has set apart that day for a state-wide observance of good roads principles.

### Supreme Court Stands by Order.

Pierre, S. D., May 21.—The disbarment of G. P. Harben of Platte about two years ago was of more than usual interest, especially in the southern part of the state, where he had been prominent as an attorney and politician for years. The supreme court decidedly refused to modify the disbarment order on the application of Harben, the bar of Charles Mix county making a strong protest against any such action.

### FRUIT PROSPECTS REPORT.

Indications for the Best General Crop of the Past Decade.

The monthly report of the fruit prospects of Missouri at the period of blossoming indicates the best general crop of the past decade. The yield of apples will not aggregate as much as the crop of last year; but on the other hand, it is worthy of notice that the well cared for orchards will produce as much this year as last. This may be taken as a better condition in the apple situation than prevailed last year, when the main body of the crop came from orchards that were not well cared for. This difference in the blossoming of the good and bad orchards seems to be due mainly to the effects of spraying in keeping the foliage in a healthy condition; thus fostering the formation of fruit for this year's crop. Peaches are virtually a full crop over the entire state. Pears and small fruit promise well.

A summary of the report follows:

North Missouri: 70 per cent of a full crop on trees of Ben Davis variety; 85 on Jonathan. Peaches, pears and all varieties of small fruit show more than 80 per cent of a full crop. 30 per cent of growers are spraying.

Central Missouri: Ben Davis, 61 per cent of a full crop; Jonathan, 91 per cent; peaches, 83; pears, 82. All small fruits, 85 per cent, excepting raspberries and gooseberries, which have more than half crop. 10 per cent of growers are spraying.

South Missouri: 30 per cent of a full crop on Ben Davis; Jonathan, 80 per cent; peaches, 85; pears, 50. Small fruits, 75 per cent. 25 per cent of growers are spraying.

The study of the complete report of apple prospects leads to the conclusion that the apple crop will not total more than 75 per cent of the last year's crop. It is quite evident, however, that the crop will probably be worth as much or more to the grower as was last year's crop.

JOHN BLAND, Secretary Missouri State Board of Horticulture.

### Notice to Contractors.

The Board of Public Works of the City of Maryville, through F. L. Flynt, Superintendent of Construction, will receive sealed bids until noon, June 24, 1913, for the erection of a brick filter house at the water plant and also for building an addition to the present pump house and repairing the roof of same.

Each bid to be accompanied by a certified check for an amount equal to 2 per cent of the bid payable to James Colby, City Treasurer, said check to be forfeited in case the bidder fails to enter into a contract if his bid is accepted.

Plans and specifications may be obtained at the office of the undersigned at the City Hall.

The Board of Public Works reserves the right to reject any or all of the bids.

F. L. FLYNT,

Superintendent of Construction, Water Department.

### Summer Board in Colorado Very Moderate Charges

"I'd like to go to Colorado," said a man the other day, "but it costs so much to live there that I'm afraid I—"

"Forget it," said his friend, who had spent a month last summer seeing the show places of the Wonder State. "I had the same idea myself last year until I got that folder the Burlington gave up telling the hotel rates. And I was mightily surprised to find that, besides the hotels, which are as elaborate as you please, there are hundreds of good, cleanly, wholesome ranch houses in Colorado, where the rates are as low as \$8.00 a week, and they give you mighty good fare."

That folder is published by the Burlington railroad to show folks how they can enjoy a vacation in Colorado at a very reasonable expense. And I'd like to mail you a copy of it—free. It tells all about the country, gives a complete list of hotels and boarding houses, addresses, rates, conveniences, elevation and nearby attractions.

Let me send these, and if you wish I can tell you all about the trains and cost of railway tickets to the most wonderfully charming country in America. Send me a postal quick.

## WILSON URGED TO VETO BILL

Manufacturers Object to the Clayton Amendment.

CONVENTION IS UNANIMOUS.

Provision in Sundry Civil Appropriation Bill Prevents Use of Fund to Prosecute Labor Organizations—Kirby Roasts Unions.

Detroit, May 21.—The National Association of Manufacturers, assembled in convention here, unanimously adopted and forwarded to President Wilson resolutions urging him to veto the sundry civil appropriation bill which has passed congress containing a provision preventing the use of public funds, appropriated to enforce the Sherman act, for the prosecution of labor and agricultural organizations violating that statute.

The resolution was introduced by James Emery of Washington, general counsel for the manufacturers' association. After Mr. Emery had assailed the bill for three-quarters of an hour the resolution was immediately adopted and telegraphed to Washington.

Declaring that lawmakers are cowards and that organized labor has failed to clear itself of the "stains which violence and lawlessness has cast upon it," John Kirby, Jr., of Dayton, president of the association, in his annual report, dwelt at length on present industrial and legislative tendencies and their effects upon manufacturers and employers.

### "PLANTED" DYNAMITE

Defendant Collins Testifies for State in Wood Case.

Boston, May 21.—An attempt to prove that representatives of capital entered into a compact to discredit organized labor was made in the superior court, where President William M. Wood of the American Woolen Company, Frederick E. Atteaux and Dennis J. Collins are on trial. The defendants are charged specifically with conspiracy to "plant" dynamite at Lawrence at the time of the textile strike in 1912. Collins testified as a witness for the prosecution. He related a conversation with John J. Breen, the Lawrence undertaker, who was convicted of actually planting the explosive, in which the name of President Wood was mentioned. Collins testified of going to Lawrence with Breen and depositing dynamite in a Syrian tailor shop, a cobbler's shop and St. Mary's cemetery.

## ALLIES DEMAND A BIG INDEMNITY

Balkan States Will Ask Four Hundred Million Dollars.

Paris, May 21.—The Bulgarian minister of finance, T. Theodoroff, who is to represent Bulgaria at the financial conference in Paris in connection with the Balkan settlement, said that the Balkan states would ask for a war indemnity of 2,000,000,000 francs (\$400,000,000), of which Bulgaria's share would be 1,000,000,000 francs.

Numerous precedents, he said, supported the Balkan demand. They did not ask to be indemnified for indirect losses due to the state of war, but merely for reimbursement of purely military expenditures and the cost of pensions for those incapacitated and the families of the killed. It was on these considerations that the sum of 2,000,000,000 francs was based.

### THREE KILLED IN WRECK

Train Rolls Down Steep Mountain in West Virginia.

Hinton, W. Va., May 21.—Three persons are known to have been killed and a number injured when a mixed train on the Swell branch of the Chesapeake and Ohio railroad was swept down a steep mountain side by a landslide. The train, composed of an engine, three freight cars and a caboose, the latter carrying passengers, had stopped between Swell and Landisburg to clear away debris deposited by a cloudburst early in the day. While this work was in progress another slide occurred and the train was thrown 300 feet down the mountain side.

Those known to be dead are James Walker of Hinton, Mrs. A. Amick of Landisburg and an unidentified girl.

### BURDENS LIFTED.

### FALLING HAIR.

Many People Have a Simple Way of Stopping It.

It was Dr. Sangerbond, of Paris, who first discovered that dandruff and falling hair were caused by a microbe.

And now that Parisian Sage, the remedy that kills the dandruff germ is sold in every town in America, the clean people of this country have awakened to the fact that dandruff is unnecessary; that falling hair and itching scalp can be quickly stopped, and that people who use Parisian Sage will never grow bald.

To every reader of the Democrat-Forum who wishes to eradicate disgusting dandruff, stop falling hair, and have an immaculately clean scalp, free from itchiness, we make this offer:

Parisian Sage is sold by druggists everywhere, for 50 cents a large bottle. It is an ideal, daintily perfumed hair dressing, free from grease and stickiness, and will cause hair to grow lustrous and luxuriant. Sold and guaranteed by the Koch Pharmacy.—Advertisement.

Mrs. Mamie Thompson went to her home in Ravenwood Wednesday.

## IT'S A GOOD THING

REV. GREEN'S PLAN APPROVED BY COMMERCIAL CLUB.

## HAD IT ALL FIGURED OUT

Comprehensive Scheme of Organization for Whole County Outlined by the Harmony Pastor.

The first steps were taken Tuesday night looking toward the formation of a county organization along the lines proposed in an address by the Rev. C. R. Green of the Harmony Community Welfare Association. Following the address a resolution endorsing the idea and appointing a committee to meet with a like committee from Harmony to formulate the plans and issue the call were adopted by the Commercial club.

Only a small representation of the club's membership were present to greet the gentlemen from Harmony and to partake of a very excellent dinner at the club's monthly banquet served at the Ream hotel. The following from Harmony attended the banquet: C. R. Green, I. V. Moore, R. M. Hefflin, Chas. Patterson, James Lewis, Alfred Hunt, J. R. Lawson, Thais Casteel and J. B. Taylor. Prof. T. B. Maulding's excellent orchestra furnished the music during the serving of the banquet and received several rounds of applause.

There were three phases of the county organization work treated by Reverend Green in his talk, the social, educational and industrial. He very clearly disclosed the advantages to accrue to the community from the county organization and to the county in a larger sense from the county organization. The lack of social facilities in community life was gone into, defects in the present educational system pointed out, the failure of communities to advance in industrial fields presented. As a panacea the merits of the community organization were extolled. In the community organization, said Mr. Green, were developed men who became leaders in social, educational and industrial life. In any organization work the sifting process brought to the front men who made a study of the conditions sought to be remedied and developed them. These men who were of the go-ahead progressive type became large factors in the development of the community.

His plan for the county organization was presented in detail. In the first place, he wanted it made perfectly plain that the community organization, while the fountain head from which sprang the county organization, had an entirely different function to perform, and he would preserve to it entire autonomy, giving it complete control of matters which were purely local, and giving to the county organization only such as were not local in character. To the community organization also he would give the right to limit its membership, define its boundaries, outline its purposes and circumscribe the field of its endeavors, only requiring that it should be some well defined movement for progress and development. The county organization, as he outlined it, would be composed of representatives from the various community organizations, chosen on the basis of one representative for each twenty-five members. These representatives would naturally be the progressive leaders in their own communities and the best informed and most enthusiastic service could be expected of them. The power for good to the county as a whole and to individual communities form, the combined wisdom and experience of such a body would be enormous and a constantly growing force. The speaker predicted that from the organizations, community and county, would come better social conditions for agricultural districts, consolidated high schools, an educational system designed to meet present day necessities and to fit students for active participation in the affairs of life, good roads over the county, the development of much of our present unused natural resources,

and in the placing of Nodaway county far in the lead of any other county in the state. Objections to what is known as the Trenton idea and also to the Iowa idea were outlined and the advantages of Mr. Green's plan over them shown.

Discussion of some of the phases of the plan followed by various members of the club. It developed during the discussion that there existed a feeling among the farmers against the Commercial club. John Sewell challenged the idea in one of the most forcible talks ever given in the Commercial club. He said if it were true that the Commercial club, judged by its actions, and that was the only way in which the farmers could judge them, were looked upon with suspicion by the citizens of the county, it was time the Commercial club cleaned house. In a speech which was closely followed and which received much approbation from the persons present, he brought out the fact that most of the members of the club were or had been farmers, that the largest sympathy and confidence should exist between them, that they were interdependent, that no good could come to either without the other benefited, that while we are all more or less selfish, when men were working for the good of a community, a city or a county, selfishness was relegated to the background. He also told of a trade trip in prospect for the Commercial club, when the members expected to get out among the farmers and get acquainted.

The matter of starting the county organization was discussed and the invitation to other organizations in the county which were working for the development of their particular community was decided on. The Harmony committee is to be appointed at their meeting Thursday, May 29, and they will meet at a later date with the Maryville committee and with committees from other organizations in the county and a plan will be prepared and a call issued for the organization of community organizations from which representatives to the county organization are to be chosen.

### HELD CLOSING EXERCISES.

Council Corner School Had Most Enjoyable Time Last Friday, Being the Closing Day.

A most enjoyable time was spent by the patrons of Council Corner school Friday, when a most successful nine months' term of school was closed in that district. The patrons and a number from Mt. Airy came with well filled baskets. The tables, filled with everything imaginable, would have appeased the appetite of a king, which proves what capable cooks they have in the two districts.

The program rendered by the pupils in the afternoon showed careful training on the part of the teacher, Miss Bernice McGinness, and on every side was heard manifestations of surprise at the ability of the little folks who showed their willingness to please parents, friends and teacher.

### Visiting in Kansas City.

Miss Marie Cloud went to Kansas City Wednesday morning to visit over Sunday with her aunt, Mrs. H. E. Young.

### JAMES T. HEFLIN.

Alabama Congressman To Make Memorial Day Address at Gettysburg.

For the first time since the dedication of the Soldiers' National cemetery in 1893 the Memorial day address at Gettysburg this year is to be delivered by a southerner. Congressman Hefflin is an orator of distinction. He is now serving his sixth term in the house of representatives.

## GIFT FOR TAYLOR

STUDENTS' LOVE FOR RETIRING PRESIDENT PROMPTS OFFERING.

## WE HAVE BETTER TOOLS

Reason for Present Day Progress Given by Dr. Fruit—Seniors Willing Came to Juniors to Preserve.

The commencement exercises of the Northwest Normal which were held in the school auditorium Wednesday morning were very impressive, but even more impressive was the scene which followed the exercises, when practically the entire faculty and student body went to the residence of former President Taylor, whose ill health would not permit him to attend the exercises, and bade him farewell.

Dr. Taylor and his family will leave for Texas the latter part of this week. A beautiful gold-handled umbrella, a gift from the students of the Normal, was presented to their former president, by Fred Lewis, to which Dr. Taylor responded, thanking the students for the gift and expressing his gratitude to the people of the community for their kindness to him and his family.

The commencement was carried out as was arranged except that Dean George H. Colbert presented the diplomas instead of W. A. Blagg, who was called out of the city on business.

The speaker of the occasion, Dr. J. P. Fruit, of William Jewell college, gave a very able address. His subject was "Progress." "The people of this age are not more intellectual than those of the past ages," says Dr. Fruit, "but they have better tools." "Man is an animal that uses tools" the speaker considers a good definition for the descendants of Adam, and the question that the Doctor dwelt on, was what kind of use is he going to make of the tools.

The program given by the senior class of the Normal yesterday afternoon furnished a very interesting hour for those students and friends present. The numbers were given as printed in yesterday's Democrat-Forum with one exception. At the end of the reading of the class will by James Faris, he presented a beautiful gold headed cane to the junior class with "Seniors 1913" engraved on the head. Each senior class graduating is to add a gold band with the class and the year engraved on it and pass it on to the "coming seniors." This is a very pretty custom and the cane will, in years to come, become a very interesting relic.

Immediately after the program, the class and audience adjourned to the front of the building, where the ivy was planted at the foot of the east tower.

The senior class play, "Lost, a Chapter," and T. B. Maulding's orchestra entertained a good sized audience Tuesday night at the Normal auditorium.

### WOMEN RAISING MONEY.

Kirksville Women Intend to Buy a Lot and Erect Bronze Pedestal for Statue of Town's Chief Citizen.

Kirksville is making great preparations for the meeting of the American Osteopathic Association to be held there in August, as she considers Dr. Still, the founder of Osteopathy, or "The Old Doctor," as he is always called, her chief citizen.

As a starter, the citizens elected The Old Doctor's son, Dr. C. E. Still, mayor, and are now raising \$6,000 for a big barbecue with all the trimmings, while the women of the town are raising \$10,000 to pay for a lot and bronze pedestal upon which the celebrated Kretschmar statue of The Old Doctor will be placed.

The Old Doctor and some of the doctors of the Kirksville Osteopathic college will go to Berlin for research work. His grandson, Dr. George Still, the son of Dr. and Mrs. S. S. Still of Des Moines, but formerly of Maryville, had intended going with him, but Mrs. George Still was injured recently while cranking her Ford car, and her husband has deferred his trip for another year.

Mrs. Anderson Craig of Maryville is a niece of "The Old Doctor."

### Putting in a Concrete Bridge.

Mr. Smith of Riverton, Ia., is in the city and is in charge of the work of putting in a concrete slab bridge near the Embree farm southwest of the city. The work is under the direction of County Highway Engineer Clary for the county court. The old bridge near the Embree farm was where the late George P. Bellows was killed in an auto accident.

## WAS BARNARD MAN

ED RIDDLE IDENTIFIED BY RELATIVES FROM THERE.

## BODY TAKEN FOR BURIAL

Man Found Dead Near Town Had Been Absent From Home for Thirty Years—Was 54 Years Old.

Ed Riddle was the name of the dead man that had been at Rice & McNeal's undertaking room since Monday. He was identified by Bud Bright of this city on Tuesday afternoon and then by several from Barnard, who came to Maryville today for that purpose. In the party from Barnard was Henry Rasco and son, Lee Rasco, Mr. Rasco being a brother-in-law of Mr. Riddle, and Dr. D. A. Pollard and P. J. Hainey.

Mr. Riddle was found dead on Monday about noon in the old unoccupied house on the F. C. Conrad farm, two and a half miles northwest of town. At that time, he was unknown, there being no letters or anything else in his clothes. It was the opinion of Coroner Dr. Will Wallis, Jr., that he came to his death accidentally and the cause was inhaling too much chloroform. The label on the chloroform bottle contained the name of Joseph H. Shackelford of Westboro, Mo., and communication with Mr. Shackelford disclosed the fact that the man's name was E. Riddle. Then on Tuesday afternoon, the dead man was identified as Ed Riddle by several people in the city, who had seen the man here last winter, being a boarder at John Kelly's Maryville House, and by relatives today.

Mr. Riddle is survived by his aged mother, Mrs. Salina Riddle, of Barnard and two sisters, Mrs. Henry Rasco of near Barnard and Mrs. Alice Rush of Morland, Kan. His mother is 78 years old. He was born in Pennsylvania and was about 54 years old. He was married twice and left both his wives. His marriage experiences were in Kansas.

The remains were taken to Barnard this afternoon to the home of his mother. Funeral services will be held Thursday afternoon at the M. E. church, conducted by Rev. W. E. Royston. Burial will take place in the Barnard cemetery beside the remains of his father, who died a number of years ago. A brother, George Riddle, was killed in a saw mill accident near Barnard about 18 years ago.

Mr. Riddle had been away from home for about thirty years and had no permanent residence. He was here and there working on farms or doing whatever he could. He had not been at home in Barnard for the past two or three years and letters were not written to his mother only once in a great while. He was a good working man. Last winter he was in Maryville for several weeks, boarding at the Maryville house. Riddle worked for Arthur Robey about six years ago.

Mr. Rasco said he knew of no reason why the man should take his life and he was of the opinion that probably his death was accidental.

### ASSESSORS TO MEET.

Meeting to Be Held in Maryville on Saturday to Fix the Tax Rates.

A meeting of the assessors of the different townships over the county has been called for Saturday, May 24, at 1 o'clock in the court house. The meeting has been called by Ed Hamlin, assessor of Polk township. The purpose of the meeting is to fix the valuation on all property for taxation so as to have them equal over the county and make sure of a just assessment.

### Funeral Services at Ravenwood.

The funeral services for Grandma Barton of Ravenwood, whose death occurred Saturday evening, were held Monday morning at 10 o'clock at the M. E. church in Ravenwood, conducted by Rev. S. E. Hoover. The services were largely attended, as the deceased was one of the oldest and most highly esteemed residents of that community. The pall-bearers were David Flynn, Bruce Houchins, George Wareham, Joseph Proctor, J. S. Casteel and E. H. Sims. Mrs. Barton is survived by three children of Sweet Home; Mrs. Mattie Burns of Ravenwood and Mrs. Jane Allen of Guthrie, Okla. Also two adopted children, Mrs. William Henry of Sweet Home, at whose home her death occurred, and William Barton of Woodward, Okla., who was her grandson.

Mrs. Ernest Walz of Plattsburg, Mo., and her two children are in Maryville on a visit to Mrs. Walz's mother, Mrs. Katherine Brady.

### BALL TEAM TAKE TRIP.

The Normal Team Will Leave Thursday Morning to Play Tarkio, Amity and Peru.

The Normal baseball team including players Captain Wilson, McKee, Perrin, Adams, Bird, Lamar, Long, McDougal, Brittain, Daise, and Coach Moore, will leave for a three days' trip Thursday morning playing Tarkio, Peru Normal and Amity in the order named. Both Tarkio and Peru defeated the home boys on the local ground while the teachers beat the Amity boys last Saturday by a count of 9 to 5. Captain Wilson and Lefty McDougal will be depended on to do the twirling.

### A REFERENDUM PETITION.

One Circulated in Maryville Tuesday on the Full Crew Bill Passed by the Last Legislature.

A referendum petition was circulated in this city on Tuesday to get signers for the full crew bill, and if enough signers are secured the question will be placed before the people at the next general election and the voters of the state will act as arbitrators. The full crew bill was passed by the last legislature and signed by Governor Major. It requires the railroads of the state to place an additional man on nearly every train operated in Missouri. The petition was circulated here by J. R. McKillip, live stock agent of the C. B. & Q. railroad company of St. Joseph.

### WAS GOOD PROGRAM.

Miss Nash's Orchestra Pleased Audience Monday Night in High School Auditorium.

The threatening weather prevented many from attending the concert given Monday night in the high school auditorium by Miss Alma Nash's orchestra for the benefit of the Mother's Circle. The numbers were well given and much appreciated by those who heard them. Those comprising the orchestra are Miss Edith Wilson, violinist; Miss Mary O'Brien, clarinetist; Miss Hilda Lahr, pianist; Miss Margaret Conway, string bass; Miss Nash, drums. Following were the numbers given Monday night:

March, "Charge of the Rough Riders"—Orchestra.  
Overture, "Northern Lights"—Orchestra.  
Cornet solo, "Esmerelda"—Miss Grace O'Brien.  
Waltz, "Linger Longer"—Orchestra.  
Clarinet duet, "Swiss Boy"—Misses O'Brien and Conway.  
Overture, "Bridal Rose"—Orchestra.  
Mandolin solo, "Cradle Song"—Miss Nash.  
Overture, "Feast of the Lanterns"—Orchestra.  
Violin solo, "Cavatina"—Miss Wilson.  
Medley "Homestead Melodies"—Orchestra.

Mrs. Charles Butler of Hopkins returned home Wednesday after a short visit with her sister Mrs. Charles Strawn, who accompanied her home.

Mrs. Frances Small of Pickering was in Maryville Tuesday morning in business.

### R. FULTON CUTTING.

Eminent N. Y. Financier Says There Are Too Many Spinsters and Bachelors.

In a statement Mr. Cutting informs the Episcopal clergy that the number of unmarried men and women is too large. The church should directly teach its maturing girls and boys the wisdom of well considered marriage when undertaken as a divine ordinance. It should provide instruction in the ethics of marriage, its obligations, responsibilities and privileges and in the practice of domestic economy.

## WILL DEDICATE IT

WHITE WAY CELEBRATION TO BE HELD JUNE 18.

## THE SYSTEM COST \$5,000

Lots of Music and Entertainment Including Out Door Moving Pictures—Working for Rates.

Arrangements are being made by a committee composed of Joseph Jackson, Jr., F. P. Reuillard and Earl Barnmann for the Commercial club for the dedication of the white way. A celebration will be held and the date set is Wednesday, June 18.

The white way will be completed by that date and lights turned on for the first time in the evening of that day. There are to be ten blocks of the white way, there being 72 posts of five lights each, all of the lighting system being in the business section of the city. The lighting system costs the merchants and property owners \$5,000.

The committee is busy at work now on plans for an all-day celebration. Two aeroplane flights are to be given during the day. Then there will be band music by the Maryville band and other entertaining features. At night, it is planned to have moving pictures on a screen in the court house yard, the pictures to be given after the dedication of the white way.

The committee has been working with the railroad companies for reduced rates to Maryville on that day, but as yet nothing has been heard from these companies.

The celebration promises to be a big one. Full details will be announced within a few days and the program to be given will be published.

### A DOUBLE FUNERAL SERVICE.

Obsequies for Mrs. Naar and George Wieremont Held at New Engelberg Abbey Church Wednesday.

Funeral services for Mrs. Wall-burger Naar, the mother of Mrs. C. Villings, and George Wieremont, both of whom died Monday morning at their homes at Old Conception, were held Wednesday morning at 9 o'clock at New Engelberg Abbey church.

High mass was sung by Rev. Father Lawrence Villings, a grandson of the late Mrs. Naar, and the burial service at St. Columbia cemetery, where both bodies were interred was conducted by the Rev. Father Placidus.

Mrs. Naar, who was a native of Germany, was 75 years old. She came to America and located in New York City, which was her home until twelve years ago, when she came to Conception to make her home with her daughter Mrs. C. Villings, who lives near there. Mrs. Villings was her only child.

Mr. Wieremont was born in Luxembourg, Germany, 69 years ago. He and his wife came to Conception from Montrose, Henry county, Mo., sixteen years ago, and lived on their farm one mile and a half from Old Conception until two years ago, when they moved to town. One daughter, who lives at Montrose, Mo., survives with the wife.

### BARNARD CHAUTAUQU.

One Will Be Held There July 5 to 10—The Program.

An enthusiastic meeting of Barnard citizens was held Tuesday night in the interest of the chautauqua that will be held there July 5 to 10 inclusive.

A committee of five was appointed to advertise the program, which is to be presented by the Jones Chautauqua System of Perry, Iowa. Those comprising this committee are John A. Field, Dr. D. A. Pollard, L. B. Campbell, J. E. Akey and J. S. Stewart.

The program numbers are to be presented by the Jones Hawkeye Singing Girls, Professor E. E. Weaver, Professor Jesse Greenup, Dr. W. H. Bickers, Fred M. Black, Rev. L. W. Klinker and Hon. Charles Hall. Lectures, and the Mendeley Quartet, who will give an entire day's program, and Rolla W. Kinsey, also a musician.

This will be Barnard's first chautauqua, and the association just formed of the town's best citizens, will do everything possible to put the plans through and they already feel assured that the people of the community will do their part and make it a success.

Smokes With His Master.

Governor Stubbs, that's Dr. Nash's good-looking, brown curly dog, you know. Well he was walking along the street yesterday morning with the Doctor on the way to the postoffice with a cob pipe in his mouth, and we learned that the Governor has been smoking for a year of so, and that whenever the Doctor sits down to enjoy a fine Havana, Governor Stubbs goes right straight and gets his pipe and sits contentedly by his master until their smoke is over.

About a year ago, Dr. Nash noticed that Governor Stubbs did not like for him to smoke, for the Doctor gets to musing when he smokes and doesn't pay much attention to people or things until he is all through, and the Governor was all cut up about it. So Doctor Nash conceived the idea of a pipe for his friends. He secured a stick that looks like a pipe stem and stuck it into a corn cob and the next time he sat down with his Havana and a newspaper he put the cob pipe in Governor Stubbs' mouth and told him to smoke. The Governor did not quite understand at first, but sat obediently with the pipe in his mouth until he was told to put it away. After a few times he did not need instruction. All the Doctor does now is to light his cigar and if the Governor sees him he goes at once for his pipe; if not, the Doctor says, "Get your pipe, pard," and in a twinkling he is there with the goods. Verily, Governor Stubbs is an intelligent beast.

Mr. A. R. Middleton and family entertained at dinner on Sunday for Mr. and Mrs. Clyde Middleton, Mrs. Page Fite and daughter, Ruth, Miss Carrie Kissinger, Charles Kissinger, Less Hawkins, Mrs. Sarah Wilson and son, Clifford, Mrs. A. R. McKinney and Frank Middleton. Music was given by Less Hawkins and Miss Carrie Kissinger.

Their Silver Wedding.

The twenty-fifth wedding anniversary of the Rev. Grant A. Robbins and Mrs. Robbins will be celebrated Friday evening, May 25, at 8 o'clock in the parlors of the Union Methodist Episcopal church of St. Louis, where Rev. Robbins is pastor. The official board of the St. Louis church are issuing invitations for the event and have remembered Maryville friends of the former Maryville pastor.

Party for Miss Taylor.

The girls of the Hum Drum club gave a picnic party Monday evening at Horseshoe lake west of Maryville Monday evening, a courtesy to one of their members, Miss Hattie Mae Taylor, who will leave before long for her new home in Texas. The trip to the picnic place was made in automobiles. The picnicers included Miss Taylor, Miss Vera Tilson, Miss Mildred Robinson, Miss Ruby Curnutt, Miss Dale Hoffman, Miss Blanche Shipp, Miss Geneva Wilfley, Miss Glen Hotchkiss, Miss Ruth Reuillard, Miss Eleanor Smith, Miss Frances Keeler, Miss Ora Barmann, Miss Carrie Margaret Baker, Mr. Harold Staples, Mr. Edward Gray, Mr. Jack Taylor, Mr. Lieber Holmes, Mr. Clyde Hutton, Mr. G. Surprised on Birthday.

As Arthur Hunt was being delightfully entertained at the home of his parents, Mr. and Mrs. Alfred Hunt, twelve and one half miles northeast of Maryville, by Rev. and Mrs. C. R. Green, Friday night May 16, a party of young people of that neighborhood came in to surprise him, as it was his 20th birthday anniversary. Games and music were the pastimes of the evening. Mrs. Hunt served dainty refreshments late in the evening. Those present were Rev. and Mrs. C. R. Green, Mr. and Mrs. J. C. Lanning of Maryville, Mr. and Mrs. Emery Hunt, Mr. and Mrs. Alva Hunt, Mr. and Mrs. Otis McCall, Charlotte Green, Lillian Lawson, Alma Coffelt, Pearl Lewis, Effie Willis, Vida and Dot Hefflin, Flora Shellman, Myrtle and Velma Lanning, Florian and Everett Porter, Buford Hefflin, Scott Hubbell, Roy Gay, Ralph and Emmet Lewis, Pearl Lawson, Leland and Cecil McKee, Glen and Lloyd Woodburn, Chester Behn, Leslie Lanning, Ernest Cox, George Pierpoint.

Met With Mrs. Wilfley.

The tourist department of the Twentieth Century club met with Mrs. George Wilfley Tuesday afternoon, in its last meeting for the club year. The officers elected for the ensuing year were Miss Mae Orear, chairman; Miss Helen Leffler, vice-chairman; Mrs. J. C. Allender, secretary-treasurer. After listening to a most interesting report of the meeting of the state federation at Columbia by Mrs. Ferdinand Townsend, the program of the afternoon was taken up. The character of Frederick the Great was discussed by Miss Laura Barmann; his wars with Maria Theresa, by Mrs. G. B. Roseberry; and his wonderful palaces, by Miss Helen Leffler. Mrs. Townsend gave an able paper on the drama of Schiller. The program was of unusual interest and the tourists made enthusiastic plans for next year's study. Mrs. Wilfley invited the club to remain for a social hour and a dainty luncheon was served by the hostess, assisted by her daughter, Miss Geneva Wilfley, and Mrs. J. B. Robinson and Mrs. F. P. Robinson.

SEND 300 TO GETTYSBURG.

Missouri Will Pay Expenses of Northern and Southern Vets.

Two hundred Federal soldiers who participated in the battle of Gettysburg and one hundred Confederates from Missouri will attend the fiftieth anniversary of that great conflict, according to information received by the board of transportation yesterday at Jefferson City. The state has appropriated \$15,000 to defray the expenses of those veterans and it is expected that they will all go together.

The board of transportation is composed of John B. O'Meara, state adjutant general; Gen. Thomas B. Rodgers of St. Louis, representing the Grand Army of the Republic, and Gen. J. W. Towson of Shelbyville, representing the United Confederate Veterans. The number of veterans who will attend was approximated at yesterday's meeting of the board at three hundred.

The final meeting of the board will be held in St. Louis, June 16, to select a route, but no application for transportation will be received after June 15. It is estimated that each round trip will cost \$50. Tickets will be good for twenty days. Only soldiers who participated in the battle of Gettysburg July 1, 2 and 3, fifty years ago, are eligible to transportation. Each veteran will be provided with a ticket from his home to the battle field and return home. It is expressly advised that all should go together, since many of them are known to be quite feeble and others better fitted for standing the hardships of travel will be able to render them assistance.

These old soldiers will be the guests of the federal government. Each one who receives transportation will also be provided with instructions as to the trip to and from Gettysburg, and also a letter from the secretary of the entertainment committee, Col. Louis E. Bietler of Harrisburg, Pa., giving the details of the proposed commemoration of the battle.

BARNARD ITEMS.

Mrs. J. H. Thompson, wife of former pastor, is visiting in this vicinity at present.

The Epworth League gave an ice cream social Saturday evening but didn't clear but \$3.40, owing to the rainy weather.

Barnard is getting to be a great town for automobiles. We have a number in town and many of the farmers come to town in their automobiles to do their trading. We have two garages and a third one is under construction.

The Children's Day services will be observed at the M. E. church on the second Sunday in June.

The Memorial services will be conducted at the M. E. church next Sunday at 11 a. m. Reverend Royston preaches the sermon, and special singing and decorations are being prepared also. There also will be a short service on Decoration Day.

Reverend Royston takes as his theme for Sunday night, "Is There Any Harm in Dancing?" A large crowd is expected to this service.

Mr. Fay Campbell arrived in Barnard yesterday. He is reported to have had bad luck with his automobile and couldn't get back home, being away for several days.

The Children's Day services at the M. E. Church, South, last Sunday was a decided success. The program was well rendered and the collections amounted to \$11.50.

RALEIGH, N. C., CHILD

Made Strong and Well by Vinol.

When we tell you that Vinol is the best remedy in our whole stock for making weak, puny, ailing children strong, robust and rosy we are only telling you what has been proven by hundreds of mothers.

Mrs. W. O. Strother, Raleigh, N. C., says: "My little girl, Hazel, has been taking Vinol to build her up after a severe spell of sickness. It has done so much good by restoring her appetite and building up her strength that I think Vinol is the finest tonic ever prepared and I am telling everyone about it."

What Vinol did for this little girl it will do for every weak, and ailing child because sickly children need the strengthening cod liver elements and tonic iron that Vinol contains—that is why Vinol builds them up quickly and gives them a fine healthy color. It is pleasant to take and we guarantee that the results will satisfy you—money back if they do not.—Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

## MINORITY FIGHT ON TARIFF BILL

Republican Senators Will Offer Many Amendments.

### PREPARATIONS BEING MADE.

Cotton Knit Goods Manufacturers Appear Before Committee to Submit Objections to Thirty Per Cent Reduction in Schedule.

Washington, May 21.—That Republican senators plan to insist on amendments to nearly every item in the Underwood tariff bill when it comes before the senate for general discussion became evident when Senator Penrose declared that every member of the minority committee would have amendments to propose.

Senator Penrose told the senate he knew of no concerted effort to be made purposely to delay the passage of the bill, but said he was assured that the minority would offer many amendments to the schedules. Senator Smoot also announced that many roll calls would be demanded.

Engage in Colloquy.  
In the debate in the matter of making public briefs filed by manufacturers with the finance subcommittees, Senator Townsend (Mich) engaged in a colloquy with Senator Simmons relative to the alleged threats of manufacturers to reduce wages and the counter intention of the administration through the bureau of corporations to investigate concerns which might reduce wages following tariff reductions.

Senator Newlands addressed the senate at length on his tariff program proposed at the opening of the extra session which would provide for a gradual reduction of the tariff and for an investigation into the wisdom of creating a tariff advisory commission.

Representatives of cotton knit goods manufacturers appeared before Senator Johnson's subcommittee, protesting against the rate of 30 per cent ad valorem proposed on their wares in the Underwood bill. They maintained that this rate was not protective and that it would let in goods of foreign manufacture.

Senator Kenyon (Ia.) has introduced an amendment to put aluminum on the free list. This is in keeping with his proposal to put all products of monopoly on the free list.

### SCHOOLS ITS WITNESSES

Implement Dealers Hold Session With Harvester Attorney.

Chicago, May 21.—What Edwin P. Grosvenor, representing the government, called a "witness" mass meeting was uncovered in the Harvester anti-trust hearing before a special examiner. The discovery came in the cross-examination of C. J. Passage, an implement dealer of Smithshire, Ill. According to the government representative of late he has found difficulty in persuading dealers to tell what percentage of the implements they handle are made by the International Harvester company.

"Has not some one had a talk with you about what you would testify here?" Grosvenor asked Passage.

"No; not exactly," replied Passage.

"What do you mean by that?"

"Well, not to me personally. There was a meeting of witnesses and one harvester attorney, T. J. Doyle of Lincoln, Neb., talked to us."

"Where was this meeting?"

"About twenty of us—all that are here in court—got together at the Great Northern hotel."

Doyle, the witness said, explained to them why they had been called to Chicago and explained the nature of the case against the company.

"Something was said to you about percentages of sales of International product in your territory, wasn't there?" asked Grosvenor.

"Yes, something was said about that."

"What was said?"

"I don't remember."

Similar questions were put to each witness who followed Passage on the stand, but they answered either that nothing was said about percentages, or that they did not recall what was said.

SPOKANE AUTOISTS TO WORK ON THE ROADS.

Spokane, Wash., May 21.—Five hundred Spokane automobile owners will don overalls and jumpers on Saturday and will spend the day as common laborers, smoothing out the rough spots in the highways of Spokane county. Governor Ernest Lister by proclamation has set apart that day for a state-wide observance of good roads principles.

Supreme Court Stands by Order.

Pierre, S. D., May 21.—The disbarment of G. P. Harben of Platte about two years ago was of more than usual interest, especially in the southern part of the state, where he had been prominent as an attorney and politician for years. The supreme court decidedly refused to modify the disbarment order on the application of Harben, the bar of Charles Mix county making a strong protest against any such action.

### FRUIT PROSPECTS REPORT.

Indications for the Best General Crop of the Past Decade.

The monthly report of the fruit prospects of Missouri at the period of blossoming indicates the best general crop of the past decade. The yield of apples will not aggregate as much as the crop of last year; but on the other hand, it is worthy of notice that the well cared for orchards will produce as much this year as last. This may be taken as a better condition in the apple situation than prevailed last year, when the main body of the crop came from orchards that were not well cared for. This difference in the blossoming of the good and bad orchards seems to be due mainly to the effects of spraying in keeping the foliage in a healthy condition; thus fostering the formation of fruit for this year's crop. Peaches are virtually a full crop over the entire state. Pears and small fruit promise well.

A summary of the report follows:

North Missouri: 70 per cent of a full crop on trees of Ben Davis variety; 85 on Jonathan. Peaches, pears and all varieties of small fruit show more than 80 per cent of a full crop. 30 per cent of growers are spraying.

Central Missouri: Ben Davis, 61 per cent of a full crop; Jonathan, 91 per cent; peaches, 83; pears, 82. All small fruits, 85 per cent, excepting raspberries and gooseberries, which have more than half crop. 10 per cent of growers are spraying.

South Missouri: 30 per cent of a full crop on Ben Davis; Jonathan, 80 per cent; peaches, 85; pears, 50. Small fruits, 75 per cent. 25 per cent of growers are spraying.

The study of the complete report of apple prospects leads to the conclusion that the apple crop will not total more than 75 per cent of the last year's crop. It is quite evident, however, that the crop will probably be worth as much or more to the grower as was last year's crop.

JOHN BLAND, Secretary Missouri State Board of Horticulture.

### Notice to Contractors.

The Board of Public Works of the City of Maryville, through F. L. Flynt, Superintendent of Construction, will receive sealed bids until noon, June 2d, 1913, for the erection of a brick filter house at the water plant and also for building an addition to the present pump house and repairing the roof of same.

Each bid to be accompanied by a certified check for an amount equal to 2 per cent of the bid payable to James Colby, City Treasurer, said check to be forfeited in case the bidder fails to enter into a contract if his bid is accepted.

## Summer Board in Colorado Very Moderate Charges

"I'd like to go to Colorado," said a man the other day, "but it costs so much to live there that I'm afraid I—"

"Forget it," said his friend, who had spent a month last summer seeing the show places of the Wonder State. "I had the same idea myself last year until I got that folder the Burlington gets up telling the hotel rates. And I was mightily surprised to find that, besides the hotels, which are as elaborate as you please, there are hundreds of good, cleanly, wholesome ranch houses in Colorado, where the rates are as low as \$8.00 a week, and they give you mighty good fare."

That folder is published by the Burlington railroad to show folks how they can enjoy a vacation in Colorado at a very reasonable expense. And I'd like to mail you a copy of it—free. It tells all about the country, gives a complete list of hotels and boarding houses, addresses, rates, conveniences, elevation and nearby attractions.

Let me send these, and if you wish I can tell you all about the trains and cost of railway tickets to the most wonderfully charming country in America. Send me a postal quick.

## WILSON URGED TO VETO BILL

Manufacturers Object to the Clayton Amendment.

CONVENTION IS UNANIMOUS.

Provision in Sundry Civil Appropriation Bill Prevents Use of Fund to Prosecute Labor Organizations—Kirby Roasts Unions.

Detroit, May 21.—The National Association of Manufacturers, assembled in convention here, unanimously adopted and forwarded to President Wilson resolutions urging him to veto the sundry civil appropriation bill which has passed congress containing a provision preventing the use of public funds, appropriated to enforce the Sherman act, for the prosecution of labor and agricultural organizations violating that statute.

The resolution was introduced by James Emery of Washington, general counsel for the manufacturers' association. After Mr. Emery had assailed the bill for three-quarters of an hour the resolution was immediately adopted and telegraphed to Washington.

Declaring that lawmakers are cowards and that organized labor has failed to clear itself of the "stains which violence and lawlessness has cast upon it," John Kirby, Jr., of Dayton, president of the association, in his annual report, dwelt at length on present industrial and legislative tendencies and their effects upon manufacturers and employers.

### "PLANTED" DYNAMITE

Defendant Collins Testifies for State in Wood Case.

Boston, May 21.—An attempt to prove that representatives of capital entered into a compact to discredit organized labor was made in the superior court, where President William M. Wood of the American Woolen company, Frederick E. Atteaux and Dennis J. Collins are on trial. The defendants are charged specifically with conspiracy to "plant" dynamite at Lawrence at the time of the textile strike in 1912. Collins testified as a witness for the prosecution. He related a conversation with John J. Breen, the Lawrence undertaker, who was convicted of actually planting the explosive, in which the name of President Wood was mentioned. Collins then told of going to Lawrence with Breen and depositing dynamite in a Syrian tailor shop, a cobbler's shop and St. Mary's cemetery.

The members of the Maryville team are: Scott, ss; Wiles, c; Conley, p; Tilson, lb; Darling, sb; David, 3b; Martin, rf; Miller, cf; Childress, lf. The Pickering team was composed of Carmichael, c; Levasy, sb; Haynes, p; Phifer, 3b; Davis, lb; Deaph, rf; Leach, lf; Moberly, c; Fred Phifer, ss.

Miss Ona Woodward of Arkoe, Miss Elma Vogle of Cosby, Miss Lola Cranor of Albany, Miss Mabel Hyder of Excelsior Springs, and Miss Gertrude Kelleher of Rector, Ark., who have been attending the State Normal, left for their homes Wednesday morning.

Chastain Harrel, who has just graduated from the State Normal, left for his home at Liberty, Mo., Tuesday evening, where his parents, the Rev. and Mrs. Lee Harrel are making their home.

Mrs. Roy Plummer and Miss Mary Walker of Burlington Junction spent the day Wednesday in Maryville with their sister Miss Gertrude Walker, who is a patient at St. Francis hospital.

Misses Nettie Howard, Bessie Proctor, Gladys Downing and Beulah Russell of Hopkins, who have been attending the State Normal, returned home Wednesday noon.

Mrs. J. S. Tatman of Hopkins returned home Wednesday from a visit at Burlington Junction with her daughter, Mrs. O. G. Harbison.

Miss Ida Hfrig of Norborne, Mo. went to Hopkins Wednesday to visit friends.

John McBeth of Hopkins was in the city Wednesday.

## ALLIES DEMAND A BIG INDEMNITY

Balkan States Will Ask Four Hundred Million Dollars.

Paris, May 21.—The Bulgarian minister of finance, T. Theodoroff, who is to represent Bulgaria at the financial conference in Paris in connection with the Balkan settlement, said that the Balkan states would ask for a war indemnity of 2,000,000,000 francs (\$400,000,000), of which Bulgaria's share would be 1,000,000,000 francs. Numerous precedents, he said, supported the Balkan demand. They did not ask to be indemnified for indirect losses due to the state of war, but merely for reimbursement of purely military expenditures and the cost of pensions for those incapacitated and the families of the killed. It was on these considerations that the sum of 2,000,000,000 francs was based.

### THREE KILLED IN WRECK

Train Rolls Down Steep Mountain in West Virginia.

Horton, W. Va., May 21.—Three persons are known to have been killed and a number injured when a mixed train on the Swell branch of the Chesapeake and Ohio railroad was swept down a steep mountain side by a land slide. The train, composed of an engine, three freight cars and a caboose, the latter carrying passengers, had stopped between Swell and Landisburg to clear away debris deposited by a cloudburst early in the day. While this work was in progress another slide occurred and the train was thrown 300 feet down the mountain side.

Those known to be dead are James Walker of Hinton, Mrs. A. Amick of Landisburg and an unidentified girl.

### BURDENS LIFTED.

From Bent Backs—Relief Proved by Lapse of Time.

Backache is a heavy burden; Nervousness, dizziness, headache. Rheumatic pain; urinary ills; All wear one out. Often effects of kidneys weakness. No use to cure the symptoms. Relief is but temporary if the cause remains.

If it's the kidneys, cure the cause. Doan's Kidney Pills are for kidney ills;

Read about your neighbor's case. Here's Maryville testimony.

The kind that can be investigated. Mrs. Glover Kelley, 1305 East Second street, Maryville, Mo., says: "For months I suffered from kidney trouble, and I had sharp pains through my hips. I felt tired and was bothered by the kidney secretions. My health was all run down and on a friend's advice I began using Doan's Kidney Pills. They relieved me right away and three boxes made me well. The benefit has been permanent."

### To Preach at Myrtle Tree.

Rev. H. J. Decker of Pickering will preach the memorial sermon at Myrtle Tree church on Sunday afternoon at 3 o'clock. Rev. Gilbert S. Cox of the First M. E. church of this city will make the address on Decoration Day, May 30, at 2 p. m.

### FALLING HAIR.

Many People Have a Simple Way of Stopping It.

It was Dr. Sangerbond, of Paris, who first discovered that dandruff and falling hair were caused by a microbe.

And now that Parisian Sage, the remedy that kills the dandruff germ is sold in every town in America, the clean people of this country have awakened to the fact that dandruff is unnecessary; that falling hair and itching scalp can be quickly stopped, and that people who use Parisian Sage will never grow bald.

To every reader of the Democrat-Forum who wishes to eradicate disgusting dandruff, stop falling hair, and have an immaculately clean scalp, free from itchiness, we make this offer:

Parisian Sage is sold by druggists everywhere, for 50 cents a large bottle. It is an ideal, daintily perfumed hair dressing, free from grease and stickiness, and will cause hair to grow lustrous and luxuriant. Sold and guaranteed by the Koch Pharmacy.—Advertisement.

Mrs. Mamie Thompson went to her home in Ravenwood Wednesday.

### Notice of Dissolution of Partnership.

Notice is hereby given that the partnership in the practice of medicine heretofore existing between Dr. A. B. Allen and Dr. H. H. Smith, under the firm name of Allen & Smith, is on this 15th day of May, 1913, dissolved by mutual consent. Dr. A. B. Allen succeeds to the business of the firm and all accounts and debts due to the firm are payable to Dr. A. B. Allen. ALLEN and SMITH.
